## We Are Now Accepting Advertising Requests!

### Introduction

The British Chamber of Commerce in Korea (BCCK) Membership Directory is a complete listing of all member companies, as well as a pictorial listing of all individual members. It is an ideal medium through which to promote your business as it is sent and well-referred to by our members and other local business partners in Korea and organisations in the United Kingdom, such as commercial bodies, local chambers of commerce, trade organizations, and government agencies. The directories are also distributed abroad to the British Chambers of Commerce in the Asia Pacific region.
