

MEDIAPORTAL

Mediaportal is the cloud-based platform that delivers your news as it happens across any and all channels, providing live updated analytics, keeping you connected via a constantly updated media database, and allowing you to export branded reports – from anywhere, at anytime, with a single login.

Connect

To search and engage media contacts, distribute and publish your news online.

Monitor

To view and organise and build professional reports on relevant media coverage.

Analytics

To view detailed and insightful analysis of your media coverage.

Stories

To view, at a glance, the volume and reach of your stories as they develop, in real time.

Daily Briefings

All the important coverage for your day sent to your inbox by 6.00am.
